

Powder River County Buildings

Please keep in mind to conduct your activities safely by following the recommendations that follow.

COVID-19 hasn't changed. It is still a serious and dangerous pandemic. We are still living with threat of it in our community. As we move into the reopening phase, please do so responsibly. We encourage you to think carefully about your activity and whether you can meet the Governor's guidelines.

GUIDELINES FOR ALL PHASES:

Continue to practice good hygiene

1. Wash your hands with soap and water or use hand sanitizer, especially after touching frequently used items or surfaces.
2. Avoid touching your face.
3. Sneeze or cough into a tissue, or the inside of your elbow.
4. Disinfect frequently used items and surfaces as much as possible. o Strongly consider using non-medical face coverings while in public, especially in circumstances that do not readily allow for appropriate physical distancing (e.g., grocery/retail stores, pharmacies, public transportation).

Allow for proper social distancing. A minimum of 6 feet should be maintained no matter the size of the gathering. However, under phase 2 a group of 50 are allowed to assemble.

Vulnerable individuals should continue to follow the stay at home guidance.

Activities should be limited to participants and any necessary parent or guardian. Spectators should try to maintain social distancing.

Concessions may be offered if they serve 'grab and go' food items, use individually packaged condiments and serve drinks that do not need refilled. No self-serve items. No shared serving utensils.

Frequently touched or shared surfaces should be cleaned and sanitized frequently. Handwashing or hand sanitizer must be available. Where restrooms are provided, hand sinks with soap, water and paper towels must be provided. It is the responsibility of the organizer to provide these items and periodically clean frequently touched surfaces in the restroom.

Individuals who are ill should not be permitted to participate or attend.

Out of state travel restrictions have been lifted as of June 1, 2020.

All guidance is subject to change without notification
